

# Measurement, Evaluation, Statistics and Assessment

MASTERS & CERTIFICATE PROGRAM | 100% ONLINE

***Earn your Master of Education in Measurement, Evaluation, Statistics, and Assessment or a graduate certificate in Education Research Methodology from a high-quality research university completely online.***

Demand for evidence-based decision making is increasing in many sectors of our society. The UIC MEd in MESA and ERM certificate programs will give you the quantitative tools you need for a successful career in a wide variety of research settings, including academic institutions; school districts; state and federal agencies; healthcare research settings; and certification, licensing and testing organizations.

***The UIC MEd in MESA and ERM certificate offer you:***

- Nationally-recognized faculty
- Projects and coursework tailored to your career goals and interests
- In-depth experience with widely used statistical and measurement software
- Specialized curriculum taught by professionals working full-time in MESA-related fields
- An effective mix of theoretical and applied studies

Choose from a 32-credit hour master's degree or a 12-credit hour certificate program. Both programs offer flexibility, academic rigor and online convenience. Take the next step toward a rewarding career in this growing field.
